

MEDICAL BREAKTHROUGH IN PAIN RELIEF: HIGH RATE OF SUCCESS AFTER FIRST TREATMENT

This Unique Laser Care From Dr. Michael McClung, D.C., Offers Profound Healing Relief From Chronic Pains With Austin's Only New Life Paniflex™ Healing System®

Introducing Dr. Michael McClung, D.C.

Are you in pain? Have you tried everything to alleviate your pain without success? Are you contemplating surgery? Tried injections? Had surgery and are still in pain? In many cases, the operations are necessary for proper health and recovery from an injury. However, we have seen hundreds of patients who received operations they did not need and are still in ridiculous pain. Our **Paniflex™ Healing System** is both high-tech and non-force, and most important, proven to be a safe and effective alternative to surgery. You will see we have the best therapeutic modality for advanced pain relief and expedited healing times, bar none! Our **New Life Laser®** delivers soothing, deep, penetrating, photonic energy to bring about profound physiological changes. The inflammation is reduced, pain gates are blocked and the damaged tissues begin the physiological process of repair three to five times faster than normal. This all occurs as the essential healing factors are brought in and the non-essential wastes are removed, with increased circulation at the site of injury. These therapeutic enhancements of the cellular chemistry are triggered by our **New Life Laser**, making it a truly profound healing modality and experience ... guaranteed!

Surgeon has PERSONAL Experience!

Dr. Robert Morrow, a well-known, trusted orthopedic surgeon, who had completed over 15,000 surgeries, said "I was suffering from shoulder pain for six months straight with no relief. I heard about laser treatment and after seeing and hearing many of my patients' stories, I did more research on the topic and found that the doctors and staff now using these **New Life Lasers** finally have a tool to help people who think that surgery is their only option. I went to get treated and was amazed that it took away all of my pain. After six months of misery, I was relieved and I am now **pain free!** I know that Orthopedic surgeons don't always fully understand the available alternatives to surgery and, as a result, many patients are sent through long, painful and costly procedures. There are many of you who have been through the process of using prescription medications and injections ... with little or no relief. Physicians who recommend drugs are limited by their options, for treatment, so they continue to prescribe medications. I have found that this **Paniflex™ Healing System** is very effective at treating patients that have not responded to other procedures, even those who have already tried surgery. I concluded, to give patients the best possible care, there needs to be referrals provided to chronic pain patients so they can receive these unique therapies."

ADVANCED TOOLS for diagnosing and providing pain relief

Patients cannot get a more complete exam for this treatment than that provided at **Creating Wellness Chiropractic**. We are tooled with advanced diagnostic and care protocols, for the use of spinal decompression and deep tissue laser technologies that are the most advanced pain-relieving options in the market. We are tooled to provide you care that is breaking through the barriers of traditional medical and chiropractic. Don't undergo painful, costly surgery or recovery ... we know that it usually can be avoided!

Are PILLS & INJECTIONS long-term solutions for pain relief? NO WAY!

Until now, people have masked their pain by frequently taking prescription pain pills or by getting

cortisone or epidural steroid injections. This type of relief masks the cause, is temporary, and more often can lead to even more pain or worse yet—addiction to drugs! So many people innocently fall into abusing prescription pain pills while initially using them to alleviate real, constant pain. Did you know that prescription medications kill more people every year than do illegal drugs? Nobody is immune to prescription drug abuse, even radio talk-show host Rush Limbaugh. His prescription drug abuse of a medication called oxycontin almost destroyed his career and ended his life. The medication was prescribed by a doctor for pain relief!

Insisting on the FDA-Cleared Laser for FAST and SOOTHING RELIEF!

The **New Life Laser** is an innovative, scientifically based, therapeutic modality. This new technology offers advanced pain relief and highly-expedited healing times through a process known as photobiostimulation. The **FDA-Cleared New Life Laser** delivers deep-penetrating, photonic energy to increase circulation, stimulate an increased level of tissue healing, and create decreased levels of pain and inflammation. These changes in cellular chemistry are triggered by our use of the **New Life Laser Treatment®**, making it a truly profound healing modality. It does not require the use of drugs or surgery, and there are no known side effects or risks that may occur, with other forms of treatment. During the treatment, the patient feels a deep-soothing warmth and pleasant sensation that reassures the patient that the laser is activating and speeding up the healing process, for true lasting relief!

Spine and Disc DECOMPRESSION

At **Creating Wellness Chiropractic** we have advanced machines for Spinal Decompression. Our **Paniflex™ Healing System** includes **Non-Surgical Spinal Decompression** machines that produce gentle separation of the vertebrae and decompression of the inter-vertebral discs. Decompression relies upon the repeated unloading of spinal stress by distracting the spine. This therapy produces negative pressure within the disc to allow a disc injury to heal naturally by replenishing the fluid in the "cushion-like" disc. Patients are treated fully clothed and are fitted with a harness that fits around their body or head, as they lie on a comfortable table and are gently decompressed. The doctor adjusts the table and the harness and uses a computerized console, where a customized treatment protocol is entered into the computer and takes about 20 minutes. The average treatment protocol is approximately 10 to 25 treatments within a five-to-10 week period of time, depending on the individual's case.

BREAKING the standard care MOLD

At **Creating Wellness Chiropractic** our referral networks are using tools that break the mold in diagnostic care, with full X-Ray facilities including Weight Bearing X-rays, Psychological and Functional Rehabilitation Protocols, and various manipulation techniques. We have practiced natural and new methods for many years. Our new treatments are based on methods designed from doctors of chiropractic who have treated thousands of patients, discovered secrets, treated the worst conditions and rescued patients from recommended surgeries. These doctors have always spared no expense for using distinctly cutting-edge and uniquely-effective technologies and profoundly altering the way, truth and light for chronic pain relief.
